Its import is made to meet the demand-supply gap and it is always the endeavour of the Government to limit imports to the extent necessary to meet this gap. Government considers revision of the price band for natural rubber on the basis of the variation in the factors taken into account for the fixation of the price band.

There have been representations in regard to coconut oil, copra, coir, pepper and ceratin spices. Except for spices—Cloves, Cinnamon/Cassia, Nu. tmeg and Mace, there has been no change in the import policy for other items. Import of the said spices was de-canalised having regard to the rise in prices and problems in import and distribution consequent on canalisation.
